SKILLS

- **Programming :** Java (Core & Advanced) | Python | C++
- **Web Technologies :** HTML | CSS | JavaScript
- **Database :** MySQL
- **Tools :** Intellij IDEA | AWT | Java Swing | JDBC | VS Code

ACADEMIC PROJECTS

- **Hospital Management System :** Core java | MySQL | Java Swing | AWT | JDBC
  - Developed a desktop application for managing patient and doctor records.
  - Implemented login system and modules to add, update, and delete patient details.
  - Used MySQL for managing discharge summaries and doctor database.
  - Designed the user interface using Java Swing.
- **Byte2Bite :** HTML | CSS | JavaScript
  - Designed and developed Byte2Bite, an online food ordering platform.
  - Implemented customization, secure checkout, and real-time order tracking features.
  - Developed a responsive user interface for better user experience.
  - Integrated MySQL database for efficient data management.

CERTIFICATIONS

- Data Structures & Algorithms (NPTEL)
- AI Foundations Associate (OCI)
- Introduction to Data Science (CISCO)
- HTML & CSS (Let's Upgrade)

ACHIEVEMENTS

- **Certificate of Participation - (Robotic Workshop) |**
  Successfully completed a hands-on robotic workshop, where I learned the fundamentals of robotics, basic hardware components, and practical implementation of robotic systems through guided activities and demonstrations.

- **Certificate of Participation - (Treasure Hunt) |**
  Actively participated in a Treasure Hunt competition organized at the college level, which helped improve my teamwork, problem-solving, and logical thinking skills while working collaboratively with team members.
